Terry:

The name of the case is [redacted] Case Name and No. [redacted] Board Member [redacted] circulated a revised draft, which [redacted] Board Member [redacted] approved today (with edits). [redacted] Attorney [redacted] is the supervisor, and [redacted] Attorney [redacted] is the counsel. I believe that [redacted] Attorney [redacted] has screened the case for [redacted] Board Member [redacted] but he has yet to vote. He may agree with the end result, but obviously not with the rationale under Specialty.

[redacted] Do you remember the name of the recent R case applying [redacted] Case [redacted] to a unit of employees in the rental car industry? Did that issue?
